Open Science Investigation - Prep

Open Science Investigation Task:

- Design and conduct your own science investigation.
- Present your investigation on poster size cardboard

Your OPEN SCIENCE INVESTIGATION should include the following:

What to think about	Planning Guide
1. Choose a title for your investigation	Make it interesting and catchy
2. Question	What is the question you are investigating?
3. Hypothesis – what do you think will happen?	What do you predict will happen?
4. Procedure – what did you do?	What steps you did in your investigation?
5. Results – what happened?	Use pictures, words, photographs, tables or graphs to show what happened. Use scientific language.
6. Discussion – why did it happen? What could have caused your results? Did anything go wrong?	Talk about what you noticed based on your observations and explain why it happened.
7. Conclusion – what did you learn from the investigation?	My investigation supported/unsupported my hypothesis and that.... (what did you learn?)

Your open science task will be completed at school. Please fill in the nomination form below if you wish to nominate.

Holland Park State School Excellence Expo 2021

Open Art - Prep – Year 6

As part of the 2021 Holland Park Excellence Expo, we invite students to participate in the art exhibition with the theme “**Pattern Power**”. This task will be **completed at school** during lunchtimes with a mentor. This exhibition will give the students the opportunity to display their artistic abilities in a variety of visual art forms.

Entries can be either two-dimensional or three- dimensional using any materials and may include photography, sculpture, collage, painting and sketching.

Judging Criteria:

- Originality
- Creativity
- Use of artistic elements – line, shape, space, colour, tone, texture, composition
- Presentation
- The child’s interpretation of the theme of “Pattern Power”

Your OPEN ART entry should include the following:

- All entries need a title
- Students must provide all the materials required to produce their artwork
- Work needs to be the original work of the student and **completed at school**
- 2D entries need to be no larger than 30 x 40cm and mounted on a backing board with a border (about 3cm)
- 3D entries need to be no larger than 1m x 1m on a stable base
- All entries must have the label below completed and securely attached to the back or underside of the work
- If your entry has more than one component, please ensure that all items are labelled so it is clear that they are to be displayed together (eg. “part 1 of 2 parts”, in addition to name, class, etc.)
- If work requires framing, the completed artwork may be taken home to be framed and **entries to be completed at school**.
